---

## Blockchain Developer | Web Developer (Entry-Level)

Passionate and self-driven Web & Blockchain Developer with a strong foundation in front-end technologies (HTML, CSS, JavaScript) and hands-on experience in building decentralized applications using Solidity and Web3.js. Skilled at bridging modern Web2 interfaces with Web3 functionality to create secure and user-friendly DApps. Eager to contribute to innovative projects while continuously learning full-stack and blockchain development.

## EDUCATION

---

### (BCA) Bachelors in Computer Application

(BVIMR) Bharti Vidyapeeth University Institute of Management of research • Kharghar, Maharashtra • 08/2022 - 05/2025

- Studied core computer science concepts including programming, database management, networking, and software development.
- Explored emerging technologies such as blockchain, web development, and data analysis through self-driven learning.
- Built foundational web projects and began transitioning into blockchain development post-graduation.

## SKILLS

---

**Programming Languages:** C#, Java, JavaScript, Python, Solidity

**Web Technologies:** CSS, HTML, Node.js, React

**Database Management:** Firebase, MySQL

**Blockchain Development:** Hardhat, MetaMask, Remix IDE, Smart Contract development on Ethereum, Solidity, Web3.js

**Tools & Platforms:** Git & GitHub, Remix IDE, VS Code

**Soft Skills:** Adaptability, Consistency, Problem-solving, Self-learning, Team collaboration, Willingness to learn emerging technologies

## PROJECTS

---

### Multi-Module Management System (C# & .NET Framework), Supply Management Windows Desktop Application

Developed a desktop-based management system using C# and the .NET Framework, designed with an interactive multi-page interface and seven core operational modules. The project demonstrated practical understanding of software architecture, database connectivity, and modular functionality for efficient data handling and user interaction.

## WORK EXPERIENCE

---

**TWJ (Trade with Jazz) • Kharghar, Maharashtra • 07/2024 - 08/2024**

**Business & Financial Intern • Internship**

- Collaborated with team members to understand core business operations, client interaction, and workflow management.
- Gained practical insights into **money management, investment strategies, and stock market fundamentals**.
- Improved **soft skills** such as communication, leadership, and decision-making through client discussions and group projects.
- Learned about the **financial side of running a business**, including budgeting, ROI, and cost optimization.
- Developed an entrepreneurial mindset, aligning long-term financial literacy with real-world business applications.
